## Kitchen Renovation Project

We are so excited to have a newly remodeled kitchen thanks to grants from the *Ravi Chopra Foundation* and *Gault Gives Back!*

Serving well-balanced nutritious meals is a critical element of our program and now are able to do it in a brighter, more efficient space!

## We are Expanding!

Mom's House recognizes the value of education and its' impact on the lives of low-income, single parents. That is why we do what we do. Over the years, many of our single parent students have also worked part-time jobs in order to support themselves and have had to find other childcare during work hours. Our Board of Directors has seen this struggle and in order to alleviate some of this hardship, has decided to offer childcare to clients during work hours in addition to school hours. All of the program requirements remain the same, in order to qualify an individual has to be single, low-income and a student with a child between 6 weeks and 5 years of age. This expansion will ensure that our clients are able to go to work without concern for who is going to watch their children during those hours. It will also ensure that their children are in a loving, supportive, educational environment while their parents are at school AND at work. We will maintain our Monday through Friday schedule and slightly expand our hours to 7:30AM - 5:00 PM.

## Girl Scouts Reach Out

Vestal Girl Scouts Ava Ryczak (14) and Ellie Russell (14) redesigned a room at Mom's House for nursing mothers. They researched the rights of breastfeeding mothers, interviewed a lactation consultant and received input from moms for ideas to make the space functional and cozy. They then created a space for working, breastfeeding moms to use. They hand-made a cushion for the rocking chair, a sign for the door and curtains. Thanks to fundraisers at local yard sales and town events and donations from friends, the room is now equipped

with a shelf they painted themselves that includes a tiny fridge, sound machine, snacks and waters, phone chargers, hand sanitizer and even homemade bibs donated from a friend! They also included a nursing pillow and step stool for comfort. Ava says, "I learned so much about Mom's House and all they do for our community". Ellie is hopeful their hard work will "create a useful and relaxing space for moms".
