Mom's House Plans for Expansion

Mom's House Expands Services with Two New Pilot Programs

Mom's House is thrilled to announce an exciting expansion of our services to address unmet needs in our community. As part of this initiative, we are launching two innovative pilot programs to better support low-income single parents striving for a brighter future.

Pilot Program 1: Supporting Non-Traditional Students

In response to feedback from our community, we will be opening our doors to low-income single parents who are pursuing non-traditional educational programs. This includes parents enrolled in night classes, whether online or in-person, who work during the day.

Many single parents have expressed that they can often rely on family and friends for evening childcare, but finding affordable daytime care remains a challenge. Through this pilot program, parents will gain access to:

- Free high quality New York State licensed childcare services
- In-house scholarships
- Client workshops
- On site computer lab
- Certified life coach
- On site social worker
- Donation Program
- Christmas Program

We are committed to ensuring that these parents receive the same comprehensive support as those in our traditional program, helping them balance education, work, and family life.

Pilot Program 2: Transition Support for Graduates

Graduating from an educational program is both exciting and challenging. Whether transitioning into a new job, awaiting admission to further education, or navigating next steps, this period can feel overwhelming. To ease this transition, Mom's House is introducing a six-month support program for graduates.

During this transition period, graduates will benefit from continuity of care for both themselves and their children. One former graduate shared:

"I could have benefitted greatly from a transition period. I graduated on a Friday and started my new position on a Monday, and I had to find new childcare for my son quickly." ~Jennifer

We aim to reduce this stress, ensuring our families can focus on building their futures with confidence.

Looking Ahead

At Mom's House, we are dedicated to meeting the evolving needs of low-income single-parent families in our community. By expanding access to high quality childcare and comprehensive support services, we empower parents to achieve their educational and professional goals.

None of this would be possible without the generosity of our community and partners. Together, we are creating brighter futures for families in need.

Thank you for supporting Mom's House as we continue to grow and serve.
